Aldermanic Priorities

Essay	
90.	<p>What are your top priorities for the Ward?</p> <p>Jobs, good neighborhood schools and public safety are among the most pressing concerns we face as a community. There is a direct correlation between concentrated poverty and crime so as one is affected it impacts the other. Access to strong public neighborhood schools is an essential part of this ecosystem. We need to make sure that we continue to bring jobs and economic development to under resourced communities. And we must continue to find opportunities to hire and train our most vulnerable populations. I am mindful of local hiring as development comes into the community. I am also committed to true parity and opportunity in contracting and senior level positions. In addition, I have dedicated myself to working with my community and its many self-made leaders to promote our neighborhood public schools, and in turn, our youth. We are building stronger after-school and sports programming in the 4th Ward, providing much needed relief to kids and their families who need options to keep them off the streets and in school. As co-founder of Ariel Community Academy in the North Kenwood/Oakland area, I have learned a great deal about the challenges and triumphs of our city's educators and their students. Safety in our neighborhoods will require the cooperation and participation of all community members, from law enforcement to the local neighborhood watch. Finally we need to look to create long term, sustainable, progressive revenue streams in order to fully fund education, vital city services and pensions. My legislative priorities will be to bring drastic parity to how we prioritize and spend precious city resources including jobs. Making sure neighborhood schools' curricular and co-curricular programs are funded and well capitalized and making sure our communities are safe.</p>
91.	<p>What is your long-range plan for development of the ward?</p> <p>We are currently engaging the community in the various parts of the ward before moving forward on major development generally through working groups and town halls. We are also looking at a unique path to empower the community on developing vacant lots in the ward.</p>
92.	<p>How will you involve ward residents in planning?</p> <p>See below.</p>
93.	<p>How will you work with community groups and residents on City matters?</p> <p>We are establishing community advisory groups in each neighborhood in the ward. We will empower those groups to advise, organize and form subcommittees in their neighborhood on all issues that affect them such as safety, schools, infrastructure and development. Those</p>

	<p>subcommittees heads will report to a ward wide structure that will advise us on ward wide and city issues.</p> <p>We have an open door policy that encourages community groups and residents to also engage us individually as well. There is also room for very specific strategies for communication. For example, the Michael Reese Development has a working group that brings together community groups and residents to advise our office on that striking development.</p>
94.	<p>Do you intend to hold employment other than alderman? If so, what employment do you intend to hold and how will you divide your time between your aldermanic duties and your other occupation (please note the minimum hours per week you will spend performing your aldermanic duties)?</p> <p>None</p>
95.	<p>Please describe your service office staffing plan, including the number of staff, full and part time, how you will pay for them, and the number of hours per week that your service office will be open.</p> <p>We currently have 4 full time employees and are open at least 40hr/week.</p>

Thank you for your participation!
