34.	<input type="checkbox"/>	<input type="checkbox"/>	Will you vote for an ordinance mandating that the City contest unemployment claims by former employees who were fired for cause? There are times people are fired for cause when it is actually some form of discrimination or other unfair/biased criteria.

Essay:	
42.	Should the Inspector General be authorized to independently initiate his or her own investigations of Alderman, in the absence of a complaint from someone outside of the Inspector General's office. Please explain your position. The job of the Inspector General is to investigate suspected issues (ethically or otherwise). It seems to me that allowing the IG to act only when there is a complaint stymies the effectiveness of the office.
43.	Do you support public financing of municipal campaigns? Please explain your position. Yes I do. I believe money is a corrupting influence on politics and it has gotten worse over the last decade. Public financing will make campaigns about issues and people, not what concerns special interests and getting access to power.

<b>49 c.</b>	<input checked="" type="checkbox"/>	restoring city-wide community group budget hearings several months prior to the publication of the budget, as were held under the Washington and Sawyer administrations?

Essay	
<b>50.</b>	<p>What measures will you vote for to reform the city pension plan and ensure its solvency?</p> <p>My father was a unionized public school teacher--he relies on his pension. Workers keep their promises every time they show up to work and have their contributions taken out of their paychecks. I support a reamortization of our pension debt at a level dollar payment that is funded by dedicated revenue. We know that any ramp to the ARC plans will inevitably fail as politicians keep kicking the can down the road. A level dollar reamortization does the opposite--it creates an incentive to actually make the early payments because in real, inflation-adjusted dollars the pressure on the budget decreases.</p>
<b>51.</b>	<p>What additional revenue sources, if any, would you propose?</p> <p>I think the best and fairest way to get revenue to continue to provide an adequate level of city services while still paying our unfunded liabilities is through a progressive income tax (with local government revenue sharing) and by modernizing our sales tax to broaden the tax base to reflect the 21st century economy. This requires action on the state level. Absent action on the state level, I would consider a commuter tax or a financial transaction tax. The main thing is that the tax is progressive--reducing the burden on those at the top while making sure those at the top to pay their fair share.</p>

<b>64 a.</b>	<input checked="" type="checkbox"/>	Area Median Income of Chicago

Essay	
<b>65.</b>	<p>Which city services or assets, if any, do you believe should be privatized and what is your criteria?</p> <p>None. I do not believe in privatizing government services simply for the sake of privatization, or because of the belief that only the private sector can do a good job. Therefore, there are few city services that I think should be privatized. Rather, I want to work to improve the services the government provides. However, there are instances when private companies have expertise or access to specialized equipment that would not be cost efficient for the City to purchase outright. In those extremely rare cases, it may make sense to turn to the private sector. I don't think there are many (or even any) examples of general government services delivered to a large number of people that fit in this category.</p>
<b>66.</b>	<p>What criteria do you or will you use in determining whether or not to grant a zoning change or variance?</p> <p>I am committed to a community process for zoning changes and variances. I would not approve nor support any changes where residents of the ward have not had a chance to voice their concerns. I will base my decisions on the people of the 33rd ward and always fully explain to my community my decision to support or oppose any changes.</p>
<b>67.</b>	<p>How do you propose to replace property tax revenue for CPS and other taxing bodies that is lost to TIF development?</p> <p>We need to fundamentally change the TIF system. TIFs are a limited tool that should ONLY be used to help develop blighted communities, not as a means for multi-billion dollar companies and extremely successful companies to reduce their costs, neglect paying their fair share, and take money from our schools. I support a moratorium on all new TIFs until we can properly reform the system. Meanwhile, I support transferring TIF surpluses to the schools and working to ensure that the state funds both the pension and CPS at the constitutionally required levels--the majority (over 50%).</p>

We need real change to our system of policing and the present top-down/political appointment based oversight is incapable of addressing the systemic failure of justice citywide. CPD has too much influence over investigations into police wrongdoing. I fully support the creation of an elected oversight body with the power to fundamentally restructure the CPD. I believe we should have a say in how we are policed and root out the scourge of racial discrimination plaguing the present system. I am cautious because there is no guarantee that an elected board will not be a reactionary body rather than a progressive, community-oriented body. Some of the elements of the CPAC ordinance address my concerns, but the most important thing is that we need to rebuild trust and the current system is unwilling and ill-prepared to make that a reality.</p>

### Aldermanic Priorities

Essay	
90.	<p>What are your top priorities for the Ward?</p> <p>I'm running to strengthen our schools by making our school board an elected, representative body and making certain we fund social services and special education services. I will make our ward office open and transparent by holding pop-up office hours and being a full time alderman. I plan on working hard to improve Chicago as a green city. Keeping the ward affordable for residents is a top priority of mine, residents shouldn't be priced out of their homes and the neighborhood. I also have a strategy to retain our current stock of 2-4 flats.</p>
91.	<p>What is your long-range plan for development of the ward?</p> <p>I moved into Albany Park because it was a diverse community and that made it a great place to raise my family. I love and want to preserve its racial and economic diversity, while still keeping the 33rd Ward an attractive and good place to raise a family, regardless of race and wealth.</p>
92.	<p>How will you involve ward residents in planning?</p> <p>I plan on using participatory budgeting and participatory zoning as tools to get community input into city decisions.</p>
93.	<p>How will you work with community groups and residents on City matters?</p> <p>I welcome the input of community groups and individual residents. I hope to plan a legislative and planning agenda with them. I also plan to be accessible to all residents with pop-up ward offices and frequently extended hours.</p>
94.	<p>Do you intend to hold employment other than alderman? If so, what employment do you intend to hold and how will you divide your time between your aldermanic duties and your other occupation (please note the minimum hours per week you will spend performing your aldermanic duties)?</p> <p>I intend to be a parent and a full-time alderman.</p>
95.	<p>Please describe your service office staffing plan, including the number of staff, full and part time, how you will pay for them, and the number of hours per week that your service office will be open.</p>

Essay	
	<p>My understanding is that it might be enough for three, if possible four hours. I want to make my office as accessible as possible and one of my ideas is to host pop-up ward offices--at local businesses, near schools. I want to bring our support/services directly to my constituents to make it as easy and effective as possible.</p>
