Essay:	
<b>42.</b>	Should the Inspector General be authorized to independently initiate his or her own investigations of Alderman, in the absence of a complaint from someone outside of the Inspector General's office. Please explain your position. There should be measures placed on every elected official that ensures he or she maintains the integrity of the office and has the best intentions of the constituents in mind when making decisions on their behalf. So yes, the IG should have autonomy to make that decision.
<b>43.</b>	Do you support public financing of municipal campaigns? Please explain your position. If public financing means the constituents are using their money to back someone to represent them, then yes. I believe office should be held by someone the "people" has chosen, not the money.

Essay	
<b>50.</b>	What measures will you vote for to reform the city pension plan and ensure its solvency? I will vote for the measures that ensure a reasonable quality of life for anyone living on a pension. There has to be safeguards that prevent abuse of such funds. As it stands today, some city employees are paid too much in respect to job role and it is ruining the budget.
<b>51.</b>	What additional revenue sources, if any, would you propose? When marijuana is legalized, it should be taxed and used to fund pensions. The city stands to make Billions of dollars from legalization and the money should go directly to one place instead of being dispersed. I don't want to see the same issues like we have with alcohol, gambling and lottery, as these revenues have been misappropriated.

<b>64 a.</b>	<input type="checkbox"/>	Area Median Income of Chicago
<b>64 b.</b>	<input checked="" type="checkbox"/>	Area Median Income of the Community Area

Essay

<b>65.</b>	<p>Which city services or assets, if any, do you believe should be privatized and what is your criteria?</p> <p>No city services should be privatized until thorough analysis has been done on what it will mean to the city. The city dropped the ball on Red Light cameras and Parking meters. It seems those privatized services were done so only for monetary gain and with little thought as to how it would adversely effect the city.</p>
<b>66.</b>	<p>What criteria do you or will you use in determining whether or not to grant a zoning change or variance?</p> <p>I am for zoning changes if the proposed change is for increased quality of life. There is a huge disparity economically in my community and if granting a zoning change helps in that area I'm for it. The same can be said for affordable housing, education and safety, all of which are issues that hinder quality of life in my community.</p>
<b>67.</b>	<p>How do you propose to replace property tax revenue for CPS and other taxing bodies that is lost to TIF development?</p> <p>I'd propose cutting administrative expenses throughout the city. There are income sources that are being mismanaged and frankly serves little purpose because job roles can be streamlined. I'd also propose looking at the contracts of charter schools and seeing if they are beneficial to the communities they are being placed in. Private institutions that want to bring charter schools to the community should be taxed and that money should be used as replacement.</p>

If so, how the service be improved.</p> <p>Police service never seems fast enough when there is an issue in the community but they always seem to somehow be close enough to gang up on one or two individuals during a traffic stop. It is sickening actually. I personally have not called police in quite some time for an issue but talking to residents in the ward, the response time is not adequate enough. The service can be improved by having patrols parked in high crime/violence areas of the ward and by also having police interacting with the community during parts of their shift.</p>

## Part IV: Issue Questions

### Aldermanic Priorities

Essay	
90.	<p>What are your top priorities for the Ward?</p> <p>My top priorities are Safety, Education and Economics. I want to see police become community partners and have more interaction with community members. I want to see more education being taught as it relates to life skills; gardening, financial responsibility, parenting and I will bring back trade education. I want to see more development of small business but will also teach saving, investing and revenue stream creation.</p>
91.	<p>What is your long-range plan for development of the ward?</p> <p>Long- range plans include a bank or credit union. Establishing a community-based mission statement so we can track the direction of community. Elimination of the food desert we live in through sustainable food growth. Increased mental health/wellness facilities with a focus on whole health. I plan to make this happen through partnerships and community involvement.</p>
92.	<p>How will you involve ward residents in planning?</p> <p>I will use Transformative Leadership. My community needs to be galvanized! They are hopeless and in desperate need of someone that understands what they are going through and has their best interests in mind. I will have participatory budget meetings for the community to decide on how monies are spent in the ward. I will be accessible through every medium of social media. I will engage the community in several ways through meetings, surveys and social media to get participation. I will educate on the need for civic engagement.</p>
93.	<p>How will you work with community groups and residents on City matters?</p> <p>I will allocate hours weekly to attend any community group(s) and visit residents personally. I will intentionally be present everywhere the community demands my participation. If I can't attend, a member of my staff will do so in my stead and report findings.</p>
94.	<p>Do you intend to hold employment other than alderman? If so, what employment do you intend to hold and how will you divide your time between your aldermanic duties and your other occupation (please note the minimum hours per week you will spend performing your aldermanic duties)?</p> <p>No.</p>
95.	<p>Please describe your service office staffing plan, including the number of staff, full and part time, how you will pay for them, and the number of hours per week that your service office will be open.</p> <p>As of now my office would include 6 staff; Full-timers would be Chief of Staff being paid at 50,000 a year, an Office Manager at 45,000 and a Secretary at 35,000. Part-time staff will include a Social Media Manager at 25,000 a year, a Community Liasion at 25,000 and a Legislative Aide at 25,000. All staff will be paid with Aldermanic budget, salaries subject to change. I plan to have open hours from 9-7 pm. I would like to also have a separate resource center for all other questions/answers and resources not given through ward office but needed by community.</p>
