Essay	
50.	<p>What measures will you vote for to reform the city pension plan and ensure its solvency? Public employees in Illinois - including Chicago do NOT pay into social security. We must live up to our obligations. We have allowed too many pension holidays and mis use of those funds for other projects. Now the taxpayers on are the hook to repay the funds that were misappropriated and or not put into the funds. We need to redirect TIF money to pay down our pension debt. We need to overhaul or scale back TIF in general because this is the largest drain of property tax money - which should be paying pensions and investing in schools, libraries, etc. We also need to scale back overdevelopment in tourism until our schools , neighborhoods and pensions are replenished.</p>
51.	<p>What additional revenue sources, if any, would you propose? End privatization that takes profit away from the City and puts it into private corporations and developments. Progressive income tax with no loopholes (requires state constitution changes). Recreational marijuana will help but it has not proven to be the windfall that people predict. Transaction tax on LaSalle street - they did it on Wall Street and nothing has been slowed down there. Internet ordering and shipping need their own tax categories.</p>

Essay	
	Stop the Expansion of Charter Schools; grow small and local businesses with proper incentives that provide community benefits; Edgewater medical Center - standing empty for nearly 20 years needs to come down; prevent expansion of and misuse of TIF for pay to play developers; affordable housing/rents; property taxes;
91.	What is your long-range plan for development of the ward? Using participatory budgeting I will help area residents build business relationships that benefit ward residents. We will address infrastructure issues in neglected parts of the ward; pest abatement; work with public schools to increase enrollment through public and private investment;
92.	How will you involve ward residents in planning? Town Hall meetings; participatory budgeting; centralized board meetings of the head of each neighborhood organization; work closely with LSC of each school in improving school and community safety, extra curricular programs;
93.	How will you work with community groups and residents on City matters? A round table of all the neighborhood organizations including LSC member participation and small business owners.
94.	Do you intend to hold employment other than alderman? If so, what employment do you intend to hold and how will you divide your time between your aldermanic duties and your other occupation (please note the minimum hours per week you will spend performing your aldermanic duties)? I intend to be a full time alderman. Now outside employment.
95.	Please describe your service office staffing plan, including the number of staff, full and part time, how you will pay for them, and the number of hours per week that your service office will be open. I do not know yet the model for employment. Our neighborhood office will have full time and regular hours and perhaps also serve as a meeting place for small local groups. We will spend the budget money wisely on things and personel that directly impact our community.

Thank you for your participation!
